New Beginnings

I never imagined 8 years ago that I would be writing this newsletter article to you. I started the Rowland Heights Women's club 8 years ago to get together with strong confident women I had met in various groups in my community. We were all spread out in different groups and I thought "How cool would it be to have a place for our creative minds to get together and do something great in our community?"

I can say that Federation has been a very big part of my life the last 8 years. I was a LEADS candidate my first year in 2019. Through LEADS, I gained friends throughout the state of California that I am proud to call my LEADS sisters of 2019! We look forward to our visits when participating in CFWC events and we have grown into close personal friends which I value tremendously.

San Gabriel Valley District has not always been my first choice in participating. In the past, we have meetings, we did not have many speakers or projects that we would do at the meetings and District did not really provide me with what I needed as a new President. I work full time so the meetings had to be something that would provide me with skills or at least have informative speakers that we can learn from so I could share with my club. Over the years, I realized this was what District was missing.

The last four years as your Recording Secretary and 1st Vice President, I have taken those concerns and have tried to find ways to make District relevant to our members and help Clubs build their foundations.

I have met with Presidents, had Zoom meetings in the evening to help Vice Presidents with reports. I have listened. As a District, we have been providing more workshops and speakers that Clubs can learn from and how to build their teams.

As your new District President, my vision is to strengthen our bond, our value, and our foundation. As your District, we will provide you with informative speakers in membership, leadership and building teams within your clubs. We will work together to have a strong, vibrant district of amazing clubs that do amazing things for our communities. We can do this together.

This month we will be having our Summer Kick off Party where we will have some fun, learn about our calendar of events and what we have planned as SGVD. Please plan to join us at 9:30 for coffee and donuts and we will start promptly at 10:00 a.m. I hope you join us at our new home each month at Pio Pico Woman's Club. I promise that you will not be disappointed!

We have so many surprises in store for you for the next two years. I hope you are ready to have some FUN! <3

Yours in Federation, Denise

Membership Matters: Growing Together Through Federation Service

Membership is the heart of GFWC and CFWC. Every new member brings fresh ideas, talents, experiences, and energy that strengthen our clubs, districts, and communities.

Being part of Federation is about more than attending meetings—it is about friendship, leadership, service, personal growth, and making a lasting difference. Members connect with others who share a passion for volunteerism and community improvement while building lifelong friendships.

Federation offers something for everyone. Whether your interests include education, arts, environment, health and wellness, legislation, community service, or mentorship, there is a place for every member to become involved and make an impact.

Why membership matters:

- Strengthens our ability to serve communities
- Expands leadership and volunteer opportunities
- Encourages teamwork and friendship
- Brings fresh perspectives and creative ideas
- Builds a stronger future for Federation

One of the greatest strengths of GFWC and CFWC is women working together. Every project completed, scholarship awarded, and life touched begins with members willing to serve. Membership growth helps preserve the future of Federation. By inviting others to join, sharing the mission of service, and welcoming new members, we continue a proud tradition of volunteer leadership.

Ways members can help grow Federation:

- Invite friends and family to meetings or events
- Share club projects and successes
- Encourage participation in service projects
- Welcome and mentor new members
- Promote the impact of Federation service

Every member matters. Every voice matters. Every act of service matters.
Friendship. Leadership. Service. Membership.

Financial Team

Shari Kovach • Financial Secretary • WVWC • skkovach99@gmail.com
Rosette Clippinger • Treasurer • DBWC • dbrosette@aol.com

The Great Fiscal Finale: Closing the Books Without Closing Your Eyes

As another fiscal year sails into the sunset, the Financial Team enters its favorite season: *Year-End Closeout Extravaganza*! Yes, while some people celebrate summer with vacations and barbecues, we celebrate with reconciliations, worksheets, and that magical phrase: "The numbers tie out."

For those new to the annual tradition, here's a behind-the-scenes look at how the District transforms twelve months of transactions into the California Annual Treasurer's Report and the year-end Statement of Activities. Each Club in the District should be doing the same.

Step 1: The "Where Did This Charge Come From?" Phase

Every account gets reviewed, reconciled, and polished until it sparkles brighter than a freshly balanced bank statement. Think of it as spring cleaning, but with spreadsheets instead of closets. Before we can officially close the books, we make sure:

- All invoices are recorded
- Deposits are posted
- Journal entries are completed
- We set a deadline date for all reimbursement and check requests to be submitted to the financial team, allowing enough time to process these payments and post them to the accounts.

Step 2: The Mysterious Closing the Accounts

This simply means setting the temporary accounts (revenue and expenses) back to 0. Never change the Asset accounts (Bank accounts, buildings, equipment, unused Restricted Funds). **STOP!** We have to make the Treasurer's Report Worksheet first.

Step 3: The Legendary Treasurer's Report Worksheet

This worksheet is used to complete the California Annual Treasurer's Report. This report summarizes the District's financial activity and demonstrates compliance with state reporting requirements. In simpler terms: it's the State's way of asking, "How did things go this year?"

- List all the Revenue accounts (Ways & Means, Raffles, Dues, Unrestricted Donations, etc.) and their year end balances.
- Set each revenue account to 0.
- Do the same for all of the Expense accounts.
- Do not close Asset Accounts (bank accounts, buildings, equipment) or Restricted Accounts (donations or grants given for a specific purpose that has not yet happened. *Do put the amount received for the year on your worksheet, noting that it is restricted revenue.*

Step 4: Preparing the Year-End Statement of Activities

Finally, the Financial Team prepares the Statement of Activities—the District's financial story in one official document. This is the Nonprofit version of what those in the for-profit world refer to as the Income or Profit and Loss Statement. This report highlights:

- Revenues received
- Expenses incurred
- Changes in net position
- Overall operational results for the fiscal year

It's essentially the District's annual report card, except instead of grades, we get audited.

Closing Thoughts

Year-end reporting may not come with fireworks or marching bands, but it plays a critical role in maintaining transparency, accountability, and sound financial stewardship for the San Gabriel Valley District and all the Clubs that make up the District. So the next time you see the Financial Team (District or Club) quietly staring at dual monitors with determined expressions, know that somewhere behind those spreadsheets, fiscal order is being restored one reconciliation at a time. Hugs to all the Financial Teams out there.

Protecting Our Most Vulnerable: Standing Against Elder Abuse

Elder abuse is a serious violation of dignity, safety, and respect, affecting older adults in our families and communities in many forms—physical, emotional, financial, neglect, or exploitation. As members of the General Federation of Women's Clubs (GFWC) and the California Federation of Women's Clubs (CFWC), we are called to advocate for the well-being and protection of all individuals, especially those who are most vulnerable.

In alignment with GFWC and CFWC objectives of promoting civic responsibility, strengthening communities, and supporting human welfare, we must remain alert and informed. Many cases of elder abuse go unreported due to fear, isolation, or dependency. By recognizing the warning signs—such as unexplained injuries, sudden financial changes, withdrawal, poor hygiene, or unusual caregiver behavior—we can help intervene early and protect those at risk.

Our clubs can make a meaningful difference through education, community awareness campaigns, partnerships with local agencies, and support for caregivers and families. Encouraging open conversations about aging with dignity helps reduce stigma and strengthens community trust.

Together, we reaffirm our commitment to service and advocacy by ensuring that every older adult is treated with respect, compassion, and safety. Protecting elders is not only a responsibility—it is a reflection of our values as community leaders.

Environmental Team Leader

Floretta Sheppard • Whittier WC • floretta-glenn@outlook.com

Members, I just finished a book that I borrowed from Tina La Carra, Whittier WC, *"Women of the Highland Park Ebell Club 1903-1945".* I would highly recommend reading it and you can purchase it on Amazon for $15.00. I will be quoting excerpts of the book this month and at least once more during my 2026-2028 Environmental Chairmanship.

"In October 1923, Mrs. Lorber of the CFWC gave an illustrated lecture on the conservation of California's natural resources, urging all to help save our natural scenery from an economic standpoint as well as beauty. The danger and damage from forest fires was vividly illustrated. The club endorsed a state resolution making all forest reserves game refuges; also a bill expanding the boundaries of Yosemite National Park. Mrs. Fultz spoke on "Saving the Redwoods". Statewide, California women's clubs pledged to raise $50,000 to preserve a Memorial Redwood Grove in Humboldt County. The Highland Park Ebell voted to donate $400.00. The Save the Redwoods League with local activists, including the Humboldt County Federation of Women's Clubs, had a large role in preserving the redwood groves. Hello Readers!! If you are heading your own ESO group in your Club, please email the ESO Application to me and keep a copy for your records. Send me copy of the Report Form once your members reach the first 16 books.

What is ESO?

The Epsilon Sigma Omicron (ESO) program of General Federation of Women's Clubs encourages clubwomen to continue learning, growing, and exploring new interests throughout their lives. ESO promotes personal enrichment through reading, cultural experiences, educational courses, volunteer service, and leadership development.

Through ESO, members are inspired to expand their knowledge while strengthening the mission of volunteer service that defines General Federation of Women's Clubs. Whether discovering a new hobby, attending workshops, studying community issues, or sharing talents with others, ESO celebrates the idea that learning never ends.

You are not required to attend meetings, join clubs, this is a benefit to you. The only thing you are required to do to be part of this, is sign up, fill out a simple form with what you learned in each book you read and get credit!

Participation in ESO helps build confident leaders, informed volunteers, and stronger clubs — proving that education and service truly go hand in hand.

The days are getting longer, schools are ending their year...summer is coming! SGVD is having a beach theme meeting in June to help us get ready for fun in the sun

Stay healthy this summer by drinking lots of water, finding shade when outside and use sunscreen. Protect your pets' paws. The sidewalks and streets get hot and they can burn the bottom of their paws. Make sure they have an extra water dish and shade, too.

I came across this valuable information on "The Right Way to Take your Blood Pressure"

1. Avoid eating, caffeine, smoking, or exercise for at least 30 minutes beforehand. A full bladder can also raise your reading, so use the bathroom first..
2. Support your arm at heart level. Rest it on a flat surface.
3. Sit correctly. You should be in a chair with back support, with your feet flat on the floor. Don't cross your legs.
4. Position the cuff properly. It should be placed on your left arm against bare skin, taking a reading over clothing can add up to 10 points! Make sure you have the correct size cuff. It should be snug not tight.
5. Stay still and quiet. Rest calmly for five minutes before the test, and don't talk or move while your blood pressure is being measured.

Happy Healthy Summer to you! Delicious summer fruits will be at the stores soon! Enjoy the outside, walking in the cool mornings or evenings when the sun is going down. Hope to see you wearing your sunglasses and summer hat at the District Beach Party Meeting on June 12!!

Legislation and Public Policy Team Leader

Linda Arizaga • La Puente Valley WC • Kleendah@yahoo.com

Please sign up for GFWC Legislative Alerts at: https://www.gfwc.org/legislative-action

Legislation and Public Policy: Your Voice Can Make a Difference

One of the most powerful ways Club members serve their communities is through active participation in Legislation and Public Policy. Federation has a proud history of encouraging informed, respectful civic engagement and empowering members to become advocates for positive change.

Legislation and Public Policy is not about politics—it is about people, communities, education, awareness, and advocacy on issues that affect our daily lives. Through GFWC and CFWC objectives, members are encouraged to stay informed, educate others, and support efforts that improve the well- being of individuals, families, and communities.

Every member has the ability to make an impact. Whether it is learning about current issues, participating in advocacy efforts, attending legislative events, communicating with elected officials, or sharing information within clubs and communities, each action helps strengthen the collective voice of Federation women.

- Participation can be simple and meaningful:
- Read legislative updates from GFWC and CFWC
- Attend district, state, or community advocacy programs
- Encourage voter education and civic awareness
- Support public policies aligned with Federation resolutions
- Share educational resources with fellow members
- Engage in respectful conversations that promote understanding and service

Legislation and Public Policy also offers members opportunities for leadership growth, public speaking, networking, and community involvement. By becoming informed advocates, members help carry forward GFWC's long-standing tradition of volunteer leadership and community improvement.

The work of Federation has always been rooted in service, education, and action. When members come together with a shared purpose, our voices become stronger, our impact becomes greater, and our communities benefit.

Now is the perfect time to get involved, stay informed, and help make a positive difference through Legislation and Public Policy. Your voice matters, your participation matters, and together we can continue building stronger communities through Federation service.

Learn. Lead. Advocate. Serve.
