Shhh! Club Members Only!

- If you are an amateur photographer, we want you.
- No Artificial Intelligence (AI) generated photos, please.
- The perfect photo is black and white or color!
- **NEW!** Only digital photo submissions. Prints are no longer accepted so, in this case, size does not matter!

In all cases, contact your state Photography Contests Chairman before submitting photos to your state contest.

Look What's New for the 2026-28 Administration!

Do you tell stories with your camera?
Do you want to show off your best by entering the GFWC Photography Contests?
Is your photo a winner?

If you answered "yes" to any of these questions, then you are reading the right newsletter! And as a bonus, there are new category themes this administration that will allow you to enter any photo you wish.

The **NEW** Themes are:

- **Our Living World**—enter any photo showing a living thing here (animals, insects, plants, people).
- **Places Here and There**—Architecture or photos highlighting sky, land, or water elements belong here.
- **State Pride**—Showcase photos from your state, anything goes.

Additionally, you can enter the **GFWC Living the Volunteer Spirit Contest**, showcasing photos of your club members in action.

Complete descriptions are found in the Member Portal on the gfwc.org website in the Photography Contests section of the GFWC Club Manual (pages 254—256).
