Be kind to others even if it hurts you

In the days when an ice cream sundae cost much less, a 10 year old boy entered a hotel coffee shop and sat at a table. A waitress put a glass of water in front of him. "How much is an ice cream sundae?" the boy asked. "Fifty cents," replied the waitress. The little boy pulled his hand out of his pocket and studied the number of coins in it. "How much is a dish of plain ice cream?" he inquired. Some people were now waiting for a table and the waitress was growing impatient. "Thirty-five cents," she said briskly. The little boy again counted his coins. "I'll have the plain ice cream," he said. The waitress brought the ice cream, placed the bill on the table, and walked away. The boy finished the ice cream, paid the cashier and departed. When the waitress came back, she began wiping down the table and then swallowed hard at what she saw. There, placed neatly beside the empty dish, were fifteen cents – her tip.

Thanksgiving - my favorite holiday, is just around the corner! I love the simplicity in the meaning of the holiday. It is always a perfect time for families and friends to gather to share some time together, and inspire one another to give thanks for all of our blessings. The holidays also give us time to reflect on the past and create new memories for the future. Thanksgiving began as a gathering to give thanks for a bountiful harvest and has now become a day to be thankful for all our blessings.

I believe that it is very important to take time to express gratitude in our daily lives. The word gratitude means so many things to so many people, It can mean wonder, appreciation, giving thanks, and counting our blessings. Let's not forget that Thanksgiving is also a time to reach out to others - and most importantly a time to give back to those less fortunate. We can all do our part with simple acts of kindness, donating to food drives or even volunteering to serve meals.

We are thankful for all you've done for your family, friends, clubs, and district. You're appreciated both as a member and as part of a team.

Have a wonderful and festive Thanksgiving with your family, friends and loved ones!

NOVEMBER: What (and What Not) to Include
Capturing everything that people say verbatim is not only unnecessary but annoying to reviewers. For each agenda item, you ultimately want to summarize only the relevant points of the discussion along with any decisions made. After the meeting, cull through your notes, making sure to edit out any circular or repetitive arguments, and only leave in the relevant points made.

Stay safe as we move ahead under our new mode of operating.
Have a most wonderful Thanksgiving!!!

During this pandemic time, we are all finding new ways to communicate in what works best for our club officers and our club members. It is understandable if any of our members are not comfortable using the Internet and/or their telephone to participate in these meetings. It does take some getting used to. We need to encourage them and listen to them as to what works best for them. We are learning to be creative in how we move forward.

I know it will be difficult for some clubs to produce their Clubs' 2020-2021 Yearbooks. It is important that you help your members stay connected and one of the best tools is your yearbook so please make every effort to be sure to make them available.

In the meantime, I am looking forward to receiving your current Club Bylaws and Standing Rules if you haven't already turned them in. Be sure to include at the end of the Bylaws and Standing Rules the "Revised" dates.

Virtual hugs to all, Marianne

Domestic Violence ... Linda Vallejo...562-639-6546...linda.valejo@aol.com

Remember, Domestic Violence is not a private matter.

Many times one needs to learn the history of a war in order to understand and learn how to combat the battle.

Prior to the mid-1800s, most legal systems viewed wife beating as a valid exercise of a husband's authority over his wife. Today the beatings and abuse are called domestic violence. Although abusive relations are recognized as battles between intimate partners or married couples. The State of California has expanded violent acts to cover other family members that are abused.

California's Family Code expands the state's umbrella of domestic abuse coverage, making it illegal to exert or threaten force on relatives through blood (to two degrees) or relatives by marriage. [Robert M. Helfend]

This means it is illegal to harm brothers, sisters, aunts, uncles, brothers-in-law, step-children, nieces and nephews, to name a few.

Should you need help in combating an abusive relationship there are resources available

If you need help or support for addressing Domestic Violence, Please call the DV Hotline at (800) 978-3600 or dial 2-1-1.

Intimate Partner Violence Service Providers, including Shelters, Legal and Support Services, These services remain available remotely for those in need. All shelters are practicing safe COVID-19 protocols.

Hello everyone! Hope you are all safe and sound and continuing to participate in various conservation (aka Environment) projects. I know we are living in very challenging times but here are a few suggestions that would be easy to implement.

*Join the Arbor Day Foundation and receive 10 free trees to plant or donate ten trees to be planted in a threatened rain forest or one of our National Forests.

*Save trees by initiating a "Go Paperless: campaign.

*Encourage you members to replace part/portion of their yard with bee-friendly flowering plants. Even if you do not have a lawn, small patch of land, pots on your patio or a roof top garden, or even window boxes, filled with flowering plants will entice bees to forage for nectar.

I know many of you support Penny Pines and in one of the Quick Byte issues we were informed to hold onto our donations. Due to all the fires, many of the Forestry Service Offices are closed. Hopefully, we will hear something soon as to where we can send our donations.

As always, if you have any questions or need any information you can reach me at 909-576-4382 or peb1956@verizon.net. Until we see each other again. Stay safe and stay

Health and Wellness

San Gabriel Valley District Women's Club

Hey everyone! With Thanksgiving just around the corner and the holidays fast approaching, it's more important now than any other time of year to be healthy and focus on your well-being. There are several ways to focus on your health. One is to take a few minutes a day to focus on what you are thankful for. You can be grateful that you are spending more time with your family. They may be driving you crazy with "safer at home" but this is precious time. You can be grateful for your ability to get out of bed in the morning or that you even have a bed to get out of. You can be grateful for the food in your pantry or a neighbor who checks on you. Be the person that checks on your neighbors and offer to help if you are able. Your mental well-being is just as important. If you need help, ask for it!

November is Diabetes Awareness Month. If you or someone you love is affected by diabetes, there are ways to manage your blood sugar levels. Try and keep sweets to a minimum and help by making healthier choices when you are with other people. Little gestures help people stay on track and feel supported!

**November 2020
Health
Observances**

- 1- No EXTREME Diets- Small changes make a difference- Get to a healthy weight.
- 2- Make Healthier Food Choices- Veggies are your friend- best if low-carb (Spinach, Asparagus, Cucumbers)
- 3- Don't Skip Meals- Take the time to plan meals. You wouldn't go on a long trip without checking your tires or filling up your tank. Your body deserves the same.
- 4- Get ACTIVE: Walk to the end of the street and back or keep going!
- 5- Get some alone time. Meditate and center yourself.

Leadership/LEADS...Tami Miller...909-596-4084...tamgram8@yahoo.com

Leadership – Education and Development Seminar

What does a leader do?

Always gives credit where credit is due. They don’t take all the credit themselves, because more than likely they didn’t do it all alone. You are all leaders or you wouldn’t be here. There is someone just like you in your membership, but just needs a little shove. Give them this honor and opportunity.

A LEADS candidate can be a President, a Past President, a Vice President a Club Officer, or a Project Chairman, as long as they have not held an elected position beyond the state level or has not attended a previous Leads Program.

A prospect candidate is organized, does her tasks responsible, is trustworthy, and follows through on her commitments. I’m sure you have a member that has those qualifications. Ask your Executive Committee to make a suggestion.

Who in your membership that is enthusiastic? Who is that “Can Do!” member?

Is there a member that is passionate about volunteering? Maybe she just needs to improve her Leadership skills? Give her that opportunity, you will reap the skills she learns and in the process you are building your bench.

You are all leaders or you wouldn’t be here.

Here is a quote from Rosalyn Carter;

A leader takes people where they want to go. A great leader takes people where they don’t necessarily want to go, but ought to be.

BE THAT LEADER!

Because we are meeting via ZOOM you need to mail the application directly to me. 1270 Deventer Dr., La Verne, CA 91750

The deadline is November 13th. I need them in time to get them to the judges and back to me.

What are you waiting for?

Legislative Action Center Take action! Sign up for the Legislative Action Center, a powerful tool for GFWC's public issues and advocacy efforts.

GFWC has the information on how to sign up on their front page. If you want to sign up for the Action Center, I can walk you through the process. It is very simple. When there is a need for the members to contact their representatives, a notice is sent out in News and Notes.

Track bills, contact your local representative and take action on issues germane to GFWC Resolutions.. Additionally, check out "Who Represents Us," an overview of the more than 120 women who make up the 116th Congress.

By the time you read this KEY, the United States may have a new Superior Court Justice. There has been a great coverage of this process on the media. I hope it has sparked an interest in how our Government works. Also, we will have the results of the presidential election.

I hope you get out and vote and help your friends to get their vote in. Our clubhouse is a voting center but go early because the last time we had the voting center there were long lines on the last days. You might want to take some water and a chair and your mask as the line was outside the door.

SGVD President's Scrapbook...Pat Borchard ... 909-576-4382 ...peb1956@verizon.net

It's never too late to start collecting memorabilia for President Rosette's Scrapbook. Clubs will receive their scrapbook page at the SGVD January Birthday Council. Directions will be attached to that page. Pages are due to me no later than the March Spring Council. Each club President and Dean was sent the Procedure page that was omitted from the SGVD yearbook. Please contact me if you have any questions.

Six Degrees of Separation Part I

Last month I posed the following question to SGVD members: *What did WWII, The United Nations, JFK, Inga "Binga", Eleanor Roosevelt, and the General Federation of Women's Clubs have in common?*

Prior to WWII, after [becoming Chancellor of Germany](#) in 1933, Hitler consolidated power, anointing himself Führer (supreme leader) in 1934. Obsessed with the idea of the superiority of the "pure" German race, he believed that war was the only way to gain the necessary "living space" for his people. He later declared war and eventually the United States became embroiled in the war.

During the 1930's Inga Arvad from Denmark became Denmark's entry for the Miss World competition. She had acted in some minor European films and worked as a columnist and war reporter. They say she "had a face that opened doors". Following the competition she struck out on a career to become a journalist. As Hitler was coming to power in Germany, she moved to Berlin where she believed she could make a name for herself. During the 1930's she landed a few interviews with Hitler, accompanied him to the 1933 Olympics (where numerous photos were taken of her with Hitler and later placed in her FBI file), and interviewed several of his command staff. [Adolf Hitler](#) was so taken with Inga that he asked her to become a Nazi spy for him. She refused and in 1939 left Europe for the US, where she got a job in Washington, DC, as a syndicated columnist. There she met the future President, [John F. Kennedy](#) and carried on an affair with him. (She was married at the time and Kennedy was single.).

Because her name was linked with Hitler and Hitler was on the "radar" of J. Edgar Hoover, Director of the FBI, Inga too became a "person of interest" as a possible spy. She later discovered that the FBI knew about Hitler's attempt to recruit her as a spy and suspected her of accepting his offer. They believed she was involved in a "Honey Pot" spy scheme. She was the great love of President Kennedy's life but she ended her affair with him because eventually he was shipped off to war and she realized that JFK was destined for greater things. During the war, he became the commander of a patrol torpedo boat was later revered as a hero when he returned home.

Kennedy's father Joe was very influential in Washington and he felt that his son had the potential to succeed in politics and even run for President of the United States. Joe insisted that his relationship with Inga end and worked in cahoots with J. Edgar, to keep Inga out of the picture.

JFK always called Inga Arvad "Inga Binga". Inga eventually married cowboy star [Tim McCoy](#) in 1945. She stayed with him until her death in 1973. JFK eventually became President of the United States and remained the subject of surveillance by J. Edgar Hoover and the FBI.

So where does the General Federation come into the picture? Stay tuned for next month's *SGVD Key* to find out where our story intersects with our organization
