SGVD President . . . Rosette Clippinger . . . 909-525-8828 . . . DBRosette@aol.com

Welcome to the September newsletter of the San Gabriel Valley District. I hope this message finds you and your families safe and strong as we continue to fight the battle against Covid-19.

During this time, there is a quote that I often read by Vivian Greene which inspires me, “Life isn’t about waiting for the storm to pass. It’s about learning how to dance in the rain.” Especially at times like this, I think it’s important to have even the smallest reminders and words of encouragement.

The San Gabriel District’s purpose is to cooperate with the General Federation of Women’s Clubs to promote education, moral, civic, and welfare projects among the various clubs throughout the District within the meaning of Internal Revenue Code 501(c)3, non-profit organizations. I am looking forward to serving as your president and working with each of you in the next two years.

In this extraordinary and uncertain period, we are dedicated more than ever to providing you with updated information, advice and guidance to help you navigate these turbulent times. There is so much uncertainty in our world right now; let’s rededicate ourselves to service, by helping our clubs and members in need. Our September board meeting will take place via Zoom.

The District Yearbooks for 2020-2021 will be ready for our club presidents to pick up. Betts Griffone has been working hard all summer to put our yearbooks together for us. Thank you Betts!

We will be scheduling a drive-by pick up at the Covina Womans Club location for our yearbooks. Please note that some of our scheduled meetings might be postponed or canceled due to Covid-19.

Please visit our new website when you have the chance; we have it up and running with all the resources at www.sangabrielvalleydistrict.org - a huge thank you to Luanne Arredondo for working so hard on this!

Also, save the dates for our Area B Conference which is still on October 10th via Zoom - more information will follow soon.

As our State President, Pam Ament wrote, “to improve how we work together better, please follow the Chain of Command. As always, the executive committee and I are always available to help out and answer all your calls and questions.

Stay safe and strong!

Love always,

Rosette

SGVD 1st Vice President/Dean of Chairmen . . . Linda Koontz . . . 909-593-3906

Where does time go? I can't believe this is my Key message for our September issue and the summer is gone, although the heat I'm sure will remain for a while. I hope you and your families are safe and doing what it takes to stay well. All Clubs and District Chairmen should have received vital information from me that I received from our CFWC First Vice President, Barbara Briley Beard. I am still putting pertinent information together to send to our clubs and if for any reason, you have not received anything from me, please let me know.

MEMBER PORTAL: Do you know about the Member Portal through GFWC? Do you wish to sign up for webinars like the ones held in July? Want to access the GFWC Club Manual? Then don't wait and sign up through the Member Portal. While we're on the subject...I can't express how important it is to sign up for **News & Notes** (GFWC), **Quick Bytes** (California) and anything else you feel you need in order to learn more about your organization you belong to.

WEBINARS: I attended the GFWC Webinars and must say was impressed. Just out of curiosity send me an email and let me know if you tuned in as well. I have sent out handouts they made available to us for our clubs and if for any reason you did not receive something from me please let me know. Trust me you'll be glad if you sign up for the next set of Webinars. This was such a wonderful experience and so much fun to see all the members as they signed in from across our states. Most webinars were attended by 500 members!

COMMUNICATION: Our state is doing such a fantastic job communicating with our Districts and in turn I am trying to do the same. Please keep the "Line of Communication" open. As your First VP/Dean of Chairmen, I am responsible to disseminate information to you I receive from CFWC and in turn you need to do the same for your club. Communication is something I do not take lightly, especially at a time like this. So...if I send you an email, text or phone call **please reply** to me at least within the first few days. I do the same with everyone and I can't begin to tell you how frustrating it is not to receive a reply of "**Got It**", "**received**" etc. etc. etc. This is called "Leadership" and also very respectful to the person who took the time to "Communicate" with you. Please do the same.

TROOPERS: I've heard thru the grapevine, how wonderful some of our clubs are doing in spite of COVID 19! We are Troopers and survivors for sure. Please send me projects you have done during this pandemic and I will include your club in my next Key message. Keep your members engaged in club work and meetings because this is so important to them.

MEETINGS...there are so many avenues of social media to take advantage of such as: Zoom, Go to Meetings, Facebook and much more. Yes...we need to be careful what we're doing, but please stay active with the social media of your choice...even with this pandemic. Remember phone calls, hand written notes and emails...to keep in touch with your Federation Sisters. There are projects we can do and still stay safe. Life must go on and many clubs, Districts and our state are doing just that in spite of COVID 19. Remember I have always said if I don't have the answer I will get the answer for you...**just remember to ask.**

CHAIRMEN: Congratulations to our Program Chairman and Administrative Chairmen appointed by President Rosette. I look forward to working with our Program Chairmen in the coming year. For our Program Chairmen we have a new District seal for our certificates and any other presentations throughout the year. I hope to schedule a Chairman/Report Writing Training Day very soon. From what I understand, there will be some new chairmen in our District and I want to make sure our Chairmen have all the "tools

of the trade”. However, if we are not able to meet...we will do a Zoom or Go to Meeting. I look forward to working with all of you. Be well and stay safe.

NEW PROGRAM NAMES: A friendly reminder to please be sure you have changed our Program names as follows. **Please note:** Some Advancement Plans have not changed their name. There is no International Outreach and clubs will decide if there is a project that is International and the program area it falls in. **Bolded** is the new name: 1) Arts – **Arts & Culture**; 2) Public Issues – **Civic Engagement and Outreach**; 3) Education – **Education and Libraries**; 4) Conservation – **Environment**; 5) Home Life – **Health and Wellness**; **Advancement Plans are as follows: Membership (no name change);** Legislation and Public Policy - **Legislation/Public Policy; Leadership (no name change),** Fundraising - **Fundraising and Development;** Domestic Violence – **Domestic and Sexual Violence Awareness and Prevention;** Juniors Special Program – **Advocates for Children;** Women’s History Resource Center; Community Improvement Program – **Community Impact Project.**

PROCEDURE BOOKS: Last but certainly not least! Please start a Procedure Book or Procedure Page if you haven’t already. We still have chairmen who do not have a Procedure Book and this should be at the top of your “To Do List”. Yes, I will be sending you what should be included in a Procedure Book. Please if you have any questions don’t hesitate to call or email me. Stay well and safe. I truly miss all of you and send my love!

Hugs in Federation,
Linda

SGVD 2nd Vice President/Membership ... Luanne Arredondo...626-703-3041

Membership is a State of Mind

This month let us pause for just a single moment and consider the most powerful tool we have – our mindset.

Stanford University psychologist and researcher, Carol Dweck, wrote a classic book on understanding your mindset which includes some elegantly simple ideas that are useful for our daily lives at work, home, in our clubs, and in our membership growth and retention efforts. The book is called *Mindset: The New Psychology of Success, How to Learn to Fulfill Our Potential* (Ballantine Books, 2006).

In your clubs, a growth mindset tells you to learn from everything that happens; and, readjust your sails if you're not headed towards the results you want. The fixed mindset will tell you to give up if you run into obstacles or if you have a fear of talking to strangers, acquaintances, and friends about Federation membership.

What mindset do you tend to have? For the next few days, take time to be cognizant of the mindset you have in different situations, how you respond to club efforts, how you develop your membership actions, how you respond to the current COVID-19 pandemic. Our mindset tendencies drive our actions. Once you understand your mindset tendencies, challenge yourself to move to a growth mindset in areas you are operating in a fixed mindset.

Tomorrow when you pick out your clothes and jewelry for the day – be sure to put on your growth mindset accessory...it looks good with everything!

For most clubs, your fiscal club year has just ended and the one thing you should not neglect is your taxes. SGVD Recording Secretary....Terry Perkins... (909) 895-7710

Greetings for the upcoming year! This year will be somewhat different for all of us. Taking minutes via zoom meetings is a real challenge but that is good as we all need challenges in our lives to keep us moving onward to a better future. May all of you continue working and serving others.

Looking forward to seeing you whether via zoom or in person.

Terry

SGVD Corresponding Secretary....Bette Griffone... (909) 342-3598

Hi, I'm Betts Griffone, your new SGVD Corresponding Secretary. Lately during all this pandemic, I've been keeping busy putting together your new SGVD Year Book. It's almost ready and will be coming to you soon.

At this time I just wanted to introduce myself and let you know how important it is that we all stay in touch. If you have an event in your life that needs to be celebrated, I'd love to send a congratulations from all of us on the Executive Council and the members. Just as important, if you have had a loss or if someone in your family is sick, please let me know, because we are all a sisterhood and we all want to support you.

If on the other hand you know of something that is happening in one of our member's life, please let me know. It is important that we all help each other and support our blessings as well as our hard times. We don't want to forget anyone.

I'm sure you'll be hearing more from me again, but remember, stay in touch.

Hope to see you all soon, Betts

SGVD Parliamentarian . . . Marianne Jennings... (818) 398-7323

I hope you have enjoyed your "new normal" summer activities and are ready for the year ahead. This is a difficult time but you can definitely use it to your advantage. I challenge you to read through your clubs' bylaws whether you are an officer or a valuable member of your club (which all of you are). I am sure in doing so that you will find something in your bylaws that you either had forgotten or are learning for the first time. Consider using a highlighter to make note of anything you would like to ask your clubs' Parliamentarian about. Take an interest in understanding how your bylaws helps your club in fairness to its members by spelling out the responsibilities of its officers and how meetings are to be run.

Your bylaws are the fundamental rules that define your club. They are not able to be changed unless the members get previous notice of any proposed change, and a large majority (commonly 2/3) is required to enact any proposed change(s).

Wishing each of you a safe new club year

Marianne

Environment Community... Pat Borchard....909-576-4382

It is a pleasure to be serving as your Environment Community Service Program Chairman. GFWC encourages all of us to preserve the world's resources, protect wildlife and domesticated animal, live sustainably, enjoy nature, and beautify our communities. GFWC Challenge Project is reduce plastic use, refuse, reuse, repurpose, and recycle. I hope all of you subscribe to CFWC QuickBytes because there was a very interesting article by CFWC Environment Chair, Joan Thomey, related to honey bees. I never realized how important honey bees were until I read this information. August 15th is national Honey Bee Day! The USDA officially reserved this day to honor this remarkable insect responsible for pollinating the foods that comprise 1 in every 3 bites we consume in this country. Here are a few suggestions to **Save the Honeybee...**

- *Work with your nursery professional to select bee friendly plants.
- *Avoid using herbicides and pesticides. Look for alternative ways to deal with pests and disease issues.
- *Bees need a place to get fresh water. Maintain a shallow container of water with pebbles for the bees to land on while drinking.
- *Organizations that research and present programs for protecting honey bees and promoting honey bee products....
 - *thehoneybeeconservancy.org
 - *honeylove.org
 - *honey.com/recipes
 - *abfnet.org

Here is the recipe for Honey Raspberry Sweet Tea referenced in the article....

Yield: Makes 4 servings

Ingredients:

2 cups-freshly brewed tea

2 cups-cranberry-raspberry juice

¼ cup-honey

Directions:

In large, heat-proof pitcher, whisk together all ingredients until thoroughly combined and honey is dissolved.

Chill until ready to serve.

As always, if you have any questions or need any information you can reach me at 909-576-4382 or peh1956@verizon.net. Until we see each other again. Stay safe and stay healthy.

Health & Wellness Community...Christina Cook...714-914-7937

Hello SGVD Members, My name is Christina. I am a transformation coach and a member of Santa Fe Springs Women's Club. I am grateful to be your Health and Wellness Community Service Representative. There are several organizations in the month of September to be aware of, however, with the growing pandemic of Covid-19, I would love to take the time to emphasize the importance of staying healthy. Eating healthier, keeping blood pressure down, and getting our bodies to a healthy BMI, are all factors in how the virus impacts the body. Making small changes will definitely help. Take a walk outside for 30 minutes (Start small with maybe just 10 minutes/day) Cut down on carbs. Swap zucchini spirals for pasta, using lower fat meat or substituting ground turkey for ground beef can definitely help. Here is a fun recipe to make for the family. Be mindful to stay away from carbs (bread, tortillas, rice, potatoes, and pastas) add low-carb vegetables to daily meals and the benefits will show.

Instant Pot Chipotle Chicken and Cauliflower Rice Bowls: (yields 4)

Ingredients:

- 1- 14.5 oz can fire-roasted diced tomatoes
- 1/3 cup salsa
- 1 can chipotle pepper in adobo sauce + 1 tsp sauce
- 1 tsp cumin
- 1/2 tsp dried oregano
- 1/4 tsp salt

- 1.5 lbs of boneless skinless chicken breast
- 4 cups frozen riced cauliflower
- 1 cup reduced-fat shredded Mexican cheese blend
- 1/2 medium-sized avocado, sliced

Directions:

- 1: Blend first six ingredients in a blender; blend until smooth
- 2: Place chicken in Instant Pot, pour sauce over top. Secure lid and close pressure valve. Set to 20 minutes at high pressure. Allow pressure to release naturally before opening the lid.

LEADS.....Tami Miller....909-596-4084

LEADS – Leadership, Education, and Development Seminar

To Club Presidents and Leadership Chairman's it's not too early to be looking for your club's LEADS Candidate.

This is wonderful program and experience offered by CFWC. I know from first hand, because I was San Gabriel Valley District's Leads candidate last year. The knowledge a candidate gains cannot be found in books, along with the fellowship of the other Districts representatives.

What does a LEAD CANDIDATE look like?

- Someone who has been a officer or Club Chairman
- Understands the GFWC commitment to community service
- Is committed to the Federation
- Demonstrates leadership skills by being organized, responsible, trustworthy and flexible
- Is interested and willing to pursue a leadership position in GFWC
- Agrees to share information gained from LEADS Seminar with others
- Understands and accepts potential expenses involved
- Has not been elected at a state level position or beyond
- Has not attended a previous LEADS Seminar
- Attitude – Has a “Will do” and “Can do” attitude

The deadline for the District LEADS application is November 13th at the District Board meeting. Applications can be found on GFWC Website – GFWC.org/LEADS. It is also available in the SGVD Yearbook.

Please review the LEADS Program section in the yearbook. Feel free to send me any questions you may have at tamgram8@yahoo.com.

2019 CLUB MEMBER OF THE YEAR Marian Hallin...818-216-8710

The Club Members of the Year for 2019 have not been forgotten. I received your information from the participating clubs at our last in person to person meeting in March and the very next day we found ourselves in a pandemic stay at home order. Here we are in September which we fully thought we would be able to finally recognize these important members and while we may be closer to being able to meet in person again, we simply at this point do not know when that will be. I want you know that we look forward to the time when we can meet again and we can finally say congratulations to each of you who were chosen by your club. Thank you for being patient with the options we are faced with. Until we do meet be careful and stay safe!

Thanks again, Marian Hallin

Legislation & Public Policy....Alice Slaughter...909-624-7456

2020-2022 Legislation & Public Policy Advancement Plan Activity in an Election Year July 2020

AVOCACY, ELECTIONS AND THE 501 C3 ORGANIZATION

GFWC has a rich tradition of advocacy and that is unlimited for 501c3 organizations.

What can you do to *Rock the Vote!*

Make sure all members of your club are registered. Educate women on the importance of exercising their voting rights. You may facilitate voting using mail, early voting sites curbside voting and absentee voting.

Learning about issues and educating others is a vital part of our legislative agenda. It is not true that 501c3's must avoid lobbying (influencing legislation or legislators). Care is required as to amount of lobbying. Expenses are reported on IRS forms. When you sign in to the Legislative Action Center, GFWC reports that activity.

However, your club can advocate and educate, hold virtual forums (all candidates must be invited), encourage registration and voting. Remember you can advocate and educate for issues but not for people. Clubs can't endorse candidates for publicly elected office or donate to political campaigns. (This doesn't infringe on your personal rights to participate in the political process.)

Do not waste this hard fought for "right".

Women's History & Resource Center . . . Kim Plater... (609)620-7235

Women's History Resource for Clubs

The National Women's History Alliance is a great organization that supports women and their history. One of their goals is to "Write Women Back into History." You can locate them on line at: National Women's History Alliance. They have books, posters, pins, stickers, jewelry, PowerPoints, speeches, current and historical events, and so much more. NWA is actually located in Santa Rosa, California. They were very active in the Rose Parade Float, Pasadena Celebrates 2020 "Years of Hope, Years of Courage," celebrating 100 years of women's suffrage. I encourage you to stop by their website and find out more about all that they offer. I received the following information from Molly, their Executive Director:

"In keeping with an expanded online presence and the promotion of the 2020 Women's Suffrage Centennial, the National Women's History Alliance is proud to announce Volume 2 of the "Women Win the Vote" Gazette, now available for free download....

Despite the interruption of the pandemic, celebrations of women's historic achievement in winning the 19th Amendment will not be silenced. Suffragists too, faced a deadly virus – and a war – while trying to win the key state of New York in 1917. Their strength is our inspiration. This updated 28-page "Women Win the Vote" Gazette is a treasure chest. It is full of national news, leads to groups in every state and hundreds of links to exceptional women's history and suffrage-related resources.

There are listings and links to museum shows and websites, educational projects, toolkits, statues and memorials, historic sites, online exhibits and curriculum, special educational and voting projects, plays, musicals, films, videos, books, suffrage music, songwriters, artists, performers and more. "Women Win the Vote" also includes articles on Iroquois and Black women, short biographies of 100 Suffragists, and a host of products that celebrate the centennial. It would take hours to explore the treasures listed here, and to take in the many enriching stories and presentations that are now freely available online. This uncertain time offers the opportunity to explore our heritage further, to interest children and deepen our own understanding of what women, and men, went through before us to advance the common good. As we are so often reminded, our history is our strength."

Thanks – Forward Together!

Molly Murphy MacGregor, Founder & Executive Director

Project Idea: Download a copy of the Gazette and email it to your members or put the website in your newsletter. Ask your members a trivia question from the article and have them respond back to you. As a reward, offer them one free drawing ticket for your next "take a chance" drawing (when your club next meets in person). Don't forget to list this in your WHRC report. Also encourage them to join NWA (\$40).

This is also reportable (in-kind).

Did You Know? Kim Plater (Covina Woman's Club) and Lupe Diaz (Pio Pico Woman's Club) walked in the Pasadena Rose Parade on January 1, 2020. They were dressed as suffragists and walked behind the Pasadena Float. Kim, Lupe, and Alice Slaughter (Covina Woman's Club) also participated in the making of the film "Into Light", the story of Suffragist Inez Milholland. Check out the movie trailer on YouTube. See if you recognize Kim Plater.

(Kim is the suffragist on the front – left side).
In the trailer she is in a crowd scene.
